

## Silver SAFE™ Protective Phone Case

for iPhone® 4/4s and iPhone® 5. Model SAFEI4™ and SAFEI5™

Often healthcare workers are bringing their own devices into the healthcare environment, exposing them to harmful bacteria that can easily be transmitted from person to person. The SILVER SAFE™ is an easy to put on and take off case that includes Silver Seal™ antimicrobial product protection.

The SILVER SAFE™ protective case can help prevent the spread of infections, including MRSA and C. Diff. Simply insert your iPhone 4 or iPhone 5 into the case and your phone is protected. When you leave the healthcare environment you can remove your phone from the case or leave it in for all day protection.

- Ergonomic slim fit design
- Easy phone access plug
- Antimicrobial Product Protection
